AETNA PROVIDER SEARCH

Aetna provides three ways to search for in-network providers and facilities.

WEBSITE Login Not Required

- 1. To find an in-network provider, visit <u>Aetna Provider</u> <u>Search</u>.
- 2. On the **Continue as a guest** section, enter your home zip code, city, county, or state. Then, drag the slider on the search radius and click **Search**.
- 3. On the next page, you may either search common categories in the boxes under the **Find what you need by category** section, or you can use the **Search** box to enter a provider type or service (e.g. "Cardiologist" or "X-ray").

In addition, you may call Aetna Member Services at **1-833-899-2045** for assistance in finding an in-network provider.

- 1. Open the app on your phone or tablet.
- 2. Type in your **Username** and **Password**. Then, click the **Sign In** button.

3. Click on **Find Care** on the bottom right.

4. Type in your preferred provider type in the **Search** box at the top of the page. Or, select the category of care that you need (quick care, provider by name, hospitals, etc.) in the **What can we help you find?** section.

5. Review the list of network providers and choose your preferred provider.

APP

AETNA MEMBER WEBSITE Login Required

1. Log onto the website at <u>www.aetna.com</u>.

2. Click Log In at the top right of the page.

3. Input your username and password. If you forgot your username or password, you can click on the link below the **Login** button.

4. Once logged in, click on **Find Care & Pricing** to find a provider.

5. The system will pre-populate your location and network type and will only look for providers near your search criteria. You can then key a provider type in the box, such as cardiologist. Click **Enter** to review results. You may also select one of the **Popular Searches** to find providers in those categories.
